

STC CAREER SERVICES MOCK INTERVIEW MONDAYS

The Career Services Office is dedicated to assisting STC students and graduates in gaining meaningful employment. To help further that initiative, we offer open mock interview sessions to assist students with this critical part of the job search process. Students are able to ask questions, discuss potential questions/answers, and/or actually go through a mock interview. These sessions are free for all current students at STC and registration for these sessions can be found on the Career Services page, under Current Students at www.southeasterntech.edu.

Summer Semester Sessions

Vidalia Campus

June 10th 10:00-12:00, Main Building, Boardroom
