

# Key Ingredients

## AMERICA BY FOOD

Through a selection of artifacts, photographs, and illustrations, this traveling exhibition from the Smithsonian Institution examines the evolution of the American kitchen and how food industries have responded to the technological innovations that have enabled Americans to choose an ever-wider variety of frozen, prepared, and fresh foods. ORCA is proud to host this educational exhibit in partnership with the Ohoopee Library System. There is no charge for this presentation. For more information visit: <http://www.keyingredients.org/>

*This exhibit will be on display August 8 – September 20, 2009
