

2022 ANNUAL REPORT

VIDALIA AND SWAINSBORO

STC 2022 ANNUAL REPORT

Larry Calhoun and the Southeastern Technical College Board of Directors are pleased to present the 2022 Annual Report, demonstrating our commitment to workforce development.

OUR MISSION AT SOUTHEASTERN TECH

Southeastern Technical College, a unit of the Technical College System of Georgia, provides an innovative, educational environment for student learning through traditional and distance education delivery methods focused on building a well-educated, globally competitive workforce for southeastern Georgia.

THE COLLEGE FULFILLS ITS MISSION THROUGH:

- Associate degree, diploma, and technical certificate of credit programs;
- Adult education;
- Continuing education; and
- Customized training and services.

STC President, Larry Calhoun

Congratulations

to our 2022 state finalists
Rick Perkins Award - Keegan Spell
GOAL Student - Riley Corner

EXCELLENCE IN TECHNICAL INSTRUCTION

2022 Rick Perkins Award Recipient
Keegan Spell
Radiologic Technology Instructor

The State Rick Perkins Award for Excellence in Technical Instruction honors technical education's most outstanding instructors. The award has been an ongoing statewide event since 1991 and is designed to recognize and honor technical college instructors who make significant contributions to technical education through innovation and leadership in their fields.

GEORGIA OCCUPATIONAL AWARD OF LEADERSHIP

2022 GOAL Winner
Riley Corner
Associate of Science in Nursing Student

Since 1971, the Georgia Occupational Award of Leadership focuses on student excellence in technical education by focusing on academic excellence and personal achievement. GOAL winners represent the "new image" of Georgia's technical colleges. Students must recognize technical education's critical impact on Georgia's overall economic health, have a strong work ethic, a dedicated sense of loyalty, and a healthy enthusiasm for promoting technical education in Georgia. They prove every day that technical education prepares us for the world of work.

The Exceptional Adult Georgian in Literacy Education (EAGLE) Program celebrates adult learners in pursuit of excellence. The program recognizes and honors students who have demonstrated exceptional achievement in statewide adult education classes. The concept of EAGLE is one designed to create a greater awareness of educational opportunities that are available in local communities across the state and to foster involvement in lifelong learning pursuits.

EAGLE STUDENT 2022

Jaycee Scott

The Southeastern Technical College Staff Member of the Year Award publicly recognizes a full-time staff employee for superior performance. Each year, the award will be presented to one staff member who, by their dedication, commitment, and job performance, has made significant contributions to the College.

STAFF MEMBER OF THE YEAR 2022

Natalie Osborne
Director of Marketing & PR

ECONOMIC DEVELOPMENT & EDUCATION

Southeastern Tech's Economic Development division promotes and supports the overall mission of Southeastern Tech through community-based extension and outreach services. The program is an avenue for identifying the needs of the communities within Southeastern Tech's eight-county service area and for pinpointing ways to meet those needs. An overall economic development and community education plan coordinates the delivery of business and industry training programs and the articulation to the community of the services available through the institution.

Offered Virtual Enrollment 71% Students Online

38 Students Completed IET

2 Enrolled In TCC (Diesel Service Tech
& Shampoo Tech While Completing HSE)

Adult Education offers virtual enrollment as well as on-site enrollment.

All instructors are trained and offer classes through Blackboard.

Mobile testing is available to take High School Equivalency (HSE) testing into the service areas for students who lack transportation to our Swainsboro or Vidalia testing sites.

Adult Education provides HSE testing to the largest number of state prisons (10); provides HSE preparation classes in four facilities; and provides HSE testing on the Swainsboro Campus for two facilities that transport detainees for testing.

The Adult Education program at Southeastern Tech provides students the opportunity to receive a High School Equivalency and participate in Integrated Education and Training Programs while earning their HSE. From the most basic studies to English as a Second Language, the Adult Education program serves a variety of students at various levels.

Southeastern Tech has an eight-county service area with adult education centers in Glennville, Metter, Millen, Mount Vernon, Reidsville, Soperton, Swainsboro, Vidalia, and Wrightsville. Classes are at no charge to students. Students who obtain their HSE and go on to further their education at a technical college receive a \$500 voucher for continuing their education.

- **Bonds for MR&R, Obsolete Equipment, & Capital Outlay**
- **New Options for High School Equivalency**

STC CURRENT NEEDS

Additional Dual Enrollment Funding

Personnel Funding

- 2 MSN Instructors
- Adjunct Instructors or Diesel & Machine Tool Technology
- Raise Funding

Capital Outlay Funding

- New Health Science Building – Vidalia
- CTD Building – Vidalia Range
- Welding Lab Expansion

TCSG FY24 LEGISLATIVE PRIORITIES

Support Governor's TCSG Budget Request

Continued Support of Dual Enrollment

Capital Outlay Bond Authorization

- MR&R**
- Obsolete Equipment**
- New Construction**

Pinning Ceremonies

EVENTS CONTINUED

STC was among five TCSG colleges to receive funds from The Coca-Cola Company. Southeastern Tech can accept more students and increase the number of graduates from the Commercial Truck Driving program to fulfill the high demand for truck drivers with this generous pledge for Coca-Cola to hire additional instructors.

"Delivering the Future" Truck Tour made its first stop at our Vidalia campus on May 17th.

The tour offered free entertainment and Coca-Cola beverages, with activities and the opportunity to learn about Coca-Cola UNITED job opportunities. Coca-Cola UNITED also held on-site interviews for those interested in employment.

FUNDING PRIORITIES

Scholarships and Emergency Support

The Foundation provides over \$40,000 in scholarships for tuition, fees, books, transportation, and emergencies each year. The demand for assistance is far greater than what current funds provide.

Establish New Programs

Southeastern Technical College focuses on establishing programs that are needed to provide a trained workforce for 1) existing business and industry to remain competitive and 2) attract new business and industry to the area. The state provides some of the funding to establish new programs; however, additional funding is needed to establish new health and industrial programs for our community.

Supplement Adult Education Funding

Approximately a third of adults 25 years of age and older in Candler, Emanuel, Jenkins, Johnson, Montgomery, Tattnall, Toombs, and Treutlen counties do not hold a high school diploma or equivalency. Many of these citizens do not have transportation and it is critical that classes are accessible for this population. Also, exam fees have increased which deters many from taking the exam. Funding is needed to supplement this program.

Maintain and Expand State-of-the-Art Technology

Every educational program at STC is driven by technology. Maintaining equipment is a costly and continuous process. Additional funding is needed to provide students with state-of-the-art equipment to compete in a global economy.
